## **Library Corner**

The book fair this month was a real success. A big "Thank You" to all of the parents for supporting the fund raiser. I will have the May half price book fair so the students can buy books for the summer. If you are the parent of an elementary student, the best twenty minutes you can spend with your child is reading together. Don't forget to ask them questions about the story. A book is one of those gifts that fits all sizes and ages. If you would like suggestions for age appropriate books, please contact me (Doris Ross) at 903-861-3811 ext 107. Look for the books that you enjoyed as a child. Many of them are still in print. You might also start the Christmas tradition of letting your children each choose a Christmas book. You can put their name in the book and when they have children you can give them the books to share with your grandchildren.
